

Mater Hospital Branch AGM Newsletter 2024

This has been a busy year for UNISON members who once again, have had to take strike action over their pay. UNISON members in the health service are fed up with the current impasse in their just pursuit of pay parity. They have decided not to remain silent as politicians dither and delay a resolution of their political differences. They have resolved to continue demanding that the Secretary of State use his powers of economic governance to include funding for the restoration of pay parity.

OFFICIAL PICKET

NHS workers in England and Wales had their pay uplift since from April this year.

Why should health staff in Northern Ireland have to wait? No amount of finger pointing at local politicians justifies this appalling situation.

UNISON members have no intention of staying silent or just putting up with it.
