Christmas Holidays

The UU VC announced Christmas holidays would be extended with 4 extra days, UNISON welcomed the fact that once again this was extended to outsourced staff.

Students Union

UNISON strongly opposed the closure of the catering facilities, a workforce who have been dedicated to the students and their employer for many years. This was a sad day for our members. UNISON has provided representation through this difficult time to ensure members received the best outcome and secured an enhancement on their redundancy package.

Mount Charles

This has been a difficult year with Covid-19 and has been challenging for our membership employed directly by Mount Charles. Due to reduced students on campus. UNISON challenged the decision with both the Ulster University and Mount Charles resulting in an agreed decision to continue a service but at a reduction.

This was a very sad and emotional time for our members who have been dedicated to students, University staff and their employer for many years.

UNISON provided representation through redeployment and redundancy packages.

Noonan

This has been a particularly difficult year for staff working for Noonan across the university sites.

The majority of the staff had been furloughed since the end of March, with some returning to work in Sept. During the initial lockdown on most campuses there were only security officers and some cleaning staff remaining on site.

UNISON will continue to engage with management to review Covid-19 guidelines and Health & Safety for our membership.

University Staff

It was identified that the UU were able to furlough some staff, it was agreed this would be on 100% pay.

Negotiations continue to secure new contracts for staff in the UU NMC Competence Test Centre.

The University is currently working on a structural review for the estates department.

UNISON provided input on an Equality Impact Assessment of the proposed relocation of the School of Health Science. UNISON also put in a formal response to the consultation on the proposed move.

UNISON is in dispute with the HE employers, UNISON rejected the employers position of a Pay Freeze, members were balloted on whether to accept or reject, further updates will be provided in the New Year.

Free School Meals 4 All

UNISON has established a Working Group comprised of reps from across health and education to take forward the development of a new campaign calling for universal free school meal provision for all children and young people.

The campaign's objectives are:

- Seeking universal nutritious free school meals for all pupils to both reduce poverty and improve public health;
- To safeguard and promote the vital work of our members within schools catering. School meals services should be publicly provided;
- As a response to Covid-19 to build support for the implementation of a public health model across Government that is aimed at dealing with health and educational inequalities that have been exacerbated during the pandemic.

We have started a petition calling on the NI Executive to provide universal free school meals. Further actions will follow before the New Year.
